

VIRGO LAMINATES
PRESENTS

THE DREAMERS COLLECTION

SURFACE COLLECTION 2026/27

Legend:

-  Matching edgeband available
-  Available in 1220mmx 3050mm size
-  Available in PostformGrade
-  Available in in LAMIVAACompact Range
1230mm x 3050mm x 6mm OR 12mm
-  For optimal appreciation of colour and grain, best viewed at full scale.

Dream. Create. Inspire.

At Virgo, we believe progress begins with imagination —with the courage to dream beyond convention and the passion to pursue excellence in every detail.

Driven by innovation, craftsmanship, and purposeful design, Virgo transforms ideas into surfaces that inspire spaces and experiences. Across our global family of companies, we continue to push boundaries while shaping materials that are refined, enduring, and responsibly made.

Guided by creativity, sustainability, and a shared vision for the future, Virgo believes every surface has the potential to become part of something meaningful.

Because every great creation begins with a dream.

NOT EVERYTHING BEGINS WITH WHAT WE SEE.

Some ideas start as a feeling —quiet, undefined, and unseen.

A thought that lingers, a vision that shifts, a moment that refuses to stay still.

The Dreamers Collection explores these beginnings.

Where stillness, movement, and memory take form, translated into surfaces that are meant not only to be seen, but to be felt.

This is not simply a collection of materials. It is a study of atmosphere, texture, and emotion.

A journey through thought, where ideas become surfaces, and surfaces become experience —a study of dream states translated into surface.

and in the quiet... everything begins

SOLID COLOURS IN DRY MATT

Where movement
rests, and form
becomes quiet.

A surface defined by
stillness and clarity.

Soft in presence,
grounded in character,
and composed with
quiet confidence.

PAUSE introduces the
language of restraint
through Solid Colours
in Dry Matt —materials
that hold space gently,
and reveal their depth
through subtlety.

SOLID COLOURS IN TEXTURES

Where stillness begins to move.

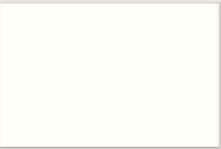

Texture carries the quiet rhythm of motion —subtle shifts, layered tones, and surfaces shaped through Solid Colours in Texture.

DRIFT explores variation within restraint: materials that soften uniformity, creating depth, flow, and movement within calm composition.

Where memory
lingers in form.

Wood Grains explores
the quiet resonance of
nature through flowing
grains, tactile textures, and
surfaces shaped by time
and atmosphere.

ECHO reflects the poetry of
natural wood —materials
that carry warmth, depth,
and character, where every
grain feels like an imprint of
something remembered.

WOOD GRAINS IN SYNCRO

Where time leaves its mark.

Wood Grains in Syncro captures patterns shaped by memory
—echoing the quiet rhythm of nature through rings, lines, textures, and
impressions that carry depth beyond the visible.

TRACE reflects the essence of natural grain: surfaces
that hold character, where texture and pattern move in perfect sync,
revealing the beauty of what remains.

Spotless Laminates

—Where Beauty Meets Practicality.

Spotless Laminate is the perfect fusion of elegance and performance. Its fingerprint-resistant surface, soft-touch finish, and anti-bacterial properties make it the ideal choice for those who value refined design with everyday usability. Crafted with seamless aesthetics in mind, Virgo Spotless Laminate is designed to deliver a flawless, continuous finish across any application.

Powered by innovative technology, Spotless Laminate ensures that whether in residential or commercial spaces, surfaces remain pristine while preserving the integrity of your design. Choose Spotless Laminate for unmatched quality, lasting impressions, and a flawless harmony of style and function.

TouchGuard Laminates

—Smart Protection. Everyday Value.

TouchGuard Laminate delivers a balanced blend of style and functionality at an accessible price point. With fingerprint resistance, a soft-touch finish, and anti-bacterial properties, it offers dependable performance for both residential and commercial spaces. Designed with innovative technology, TouchGuard surfaces maintain their appeal while safeguarding the integrity of your interiors.

As Virgo’s economical range, TouchGuard is the practical choice for everyday applications —combining elegance with affordability.

10 Newton
—Surface Strength, Redefined

- Scratch resistant
- Abrasion resistant
- Impact resistant
- Chemical resistant
- UV resistant
- Heat resistant
- Weather resistant
- Anti-Graffiti
- Anti-Bacterial

10 Newton Scratch Resistant Laminates are crafted for surfaces that demand more. Featuring a unique, high-performance finish, it delivers exceptional resistance against scratches, impact and daily wear—making it ideal for horizontal applications such as kitchen countertops, tabletops and other high-traffic environments. Built with durability at its core, 10 Newton also offers UV resistance, allowing it to perform reliably even in outdoor settings. The result is a premium surface solution that combines strength, longevity, and refined aesthetics in a single cohesive material.

CORE SHADES

Where surfaces become whole.

Core Shades extend continuity beyond the visible—where colour, edge, and material transition seamlessly into one refined expression.

Designed to eliminate interruption, BEYOND reveals a quieter form of precision: surfaces that feel complete from every angle, allowing openness, harmony, and detail to exist without distraction.

09
BEYOND.

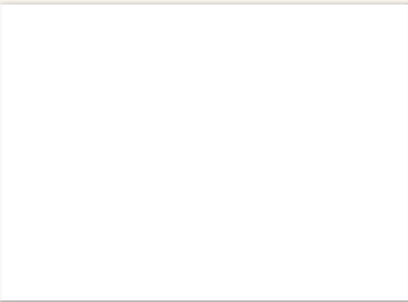

A study of dream states translated into surface

Core Shades

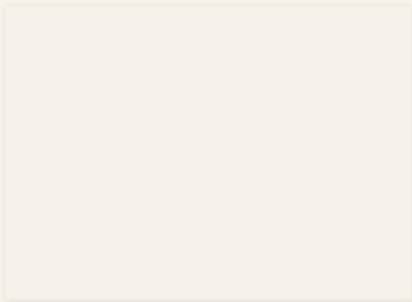

—Seamlessby Design

Core Shades are designed to deliver a truly seamless surface experience, where the core colour of the laminate is carefully matched to its surface décor. By eliminating the typical dark edges, it creates a clean, continuous look that enhances the overall visual quality of any application. This refined construction not only elevates aesthetics but also offers greater design flexibility, allowing designers to explore open shelving, slim profiles and detailed finishes with confidence and consistency.

Virgo Digital Print Laminates

—Design Without Limits

Virgo Digital Print Laminates unlock a new level of creative freedom, transforming surfaces into fully customized design statements. With the ability to print directly from client-supplied image files, each laminate becomes a unique expression—tailored to suit any concept, space, or brand identity. From subtle textures to bold graphics, the possibilities are virtually limitless. Combining visual precision with the reliability of high-quality laminate, Virgo Digital Print Laminates offer a refined way to bring distinctive ideas to life across interiors and beyond.

Maintenance Guide

Virgo® Laminates are designed to last a long time with proper care and usage. Below are some guidelines on how to maintain and care for your laminates.

Selecting the correct finish
We recommend to consider the application and use of the surface before selecting the laminate. Standard General Purpose Grade laminates are suitable for most interior use. Textured surfaces can be used for both vertical and horizontal applications. Gloss and metal laminates are not recommended for heavy-duty applications such as counter tops.

Cleaning
Virgo® Laminates are very easy to maintain and clean. For cleaning of stains and routine laminate maintenance, use a clean, damp, non-abrasive cloth and mild detergent or soap. Avoid the use of strong chemicals such as bleach, organic detergents and abrasive sponges that can discolour and scratch the laminate surface. For grease stains or attached dirt, clean with a 50-50 mix of solvent and alcohol using a clean, non-abrasive cloth. This way, the laminate will be free of stains without affecting the original colour and design.

Protection against scratch and impact
Virgo® Laminates are resistant to scratches and impact under normal use conditions. If any cutting activities are to be done on the laminate surface, an appropriate cutting board should be used to avoid damage to the laminate surface. It is also not recommended to chop, slice, pound or hammer directly on the laminate.

Protection against heat and light
Virgo® Laminates are manufactured for indoor applications and should not be exposed to sunlight or temperatures above 130°C. When placing hot objects such as frying pans, pots, and iron, use a trivet or protective insulated material to protect the laminate surface against direct heated objects.

Protection against chemicals
Virgo® High Pressure Laminates are not recommended for laboratory applications where oxidized chemicals, alkali and strong acids are used. Cleaning agents that contain acid, alkali or sodium hypochlorite should not be used for maintaining the laminate surface.

Technical Specification
and Certifications

S. No.	Properties	Test Method	Attributes of Performance	Unit of Measurement	Results (As per EN438-2)
1.SURFACE QUALITY					HGS/ VGS
1.1	Surface quality	EN438-2:2016 (Clause 4)	Spots, dirt and similarsurface defects	mm²/m²	≤ 1
			Fibres,hairs and scratches	mm/m²	≤ 10
2. DIMENSIONAL PROPERTIES					
2.1	Thickness	EN438-2:2016 (Clause 5)	Thickness tolerance	mm	0.5 ≤ t < 1: ±0.1 1≤ t < 2: ±0.15
2.2	Size	EN438-2:2016 (Clause 6)	Length and width	mm	+10/ -0
2.3	Straightness of edges	EN438-2:2016 (Clause 7)	Straightness of edges	mm/m	≤ 1.5
2.4	Squareness	EN438-2:2016 (Clause 8)	Squareness	mm/m	≤ 1.5
2.5	Flatness	EN438-2:2016 (Clause 9)	Flatness (measured on full-size sheet)	mm/m	60
3. PHYSICAL PROPERTIES					
3.1	Resistance to surface wear	EN438-2:2016 (Clause 10)	Wear Resistance - Initial Point	Revolutions	≥ 150 (HGS) / ≥ 50 (VGS)
3.2	Resistance to immersion in boiling water	EN438-2:2016 (Clause 12)	Appearance - GlossFinish	Rating	≥ 3
3.3	Resistance to water vapour	EN438-2:2016 (Clause 14)	Appearance - Other Finishes	Rating	≥ 4
			Appearance - GlossFinish	Rating	≥ 3
3.4	Resistance to dry heat (160°C)	EN438-2:2016 (Clause 16)	Appearance - Other Finishes	Rating	≥ 4
			Appearance - Gloss Finish	Rating	≥ 3
3.5	Dimensional stability at elevated temperatures	EN438-2:2016 (Clause 17)	Appearance - Other Finishes	Rating	≥ 4
			Cumulative dimensional change - Longitudinal %		≤ 0.55 (HGS) / ≤ 0.75 (VGS)
3.6	Resistance to Wet Heat	EN438-2:2016 (Clause 18)	Cumulative dimensional change - Transversal %		≤ 1.05 (HGS) / ≤ 1.25 (VGS)
			Appearance - Gloss Finish	Rating	≥ 3
3.7	Resistance to impact with small diameter ball	EN438-2:2016 (Clause 20)	Appearance - Other Finishes	Rating	≥ 4
			Spring Force	N	≥ 20 (HGS)/ ≥ 15 (VGS)
3.8	Resistance to cracking under stress	EN438-2:2016 (Clause 23)	Appearance	Rating	≥ 4
3.9	Resistance to scratching	EN438-2:2016 (Clause 25)	Appearance - Smooth Finishes	Rating	≥ 2 (HGS) / ≥ 1(VGS)
			Appearance - Textured Finishes	Rating	≥ 3 (HGS)/ ≥ 2 (VGS)
3.10	Resistance to staining	EN438-2:2016 (Clause 26)	Appearance - Group 1 & 2 Finishes	Rating	≥ 5
			Appearance - Group 3	Rating	≥ 4
3.11	Light fastness (Xenon arc)	EN438-2:2016 (Clause 27)	Contrast	Grey scale rating	4 to 5
3.12	Density	ENISO 1183-1	Density	g/cm²	≥ 1.35

Grade: Standard General Purpose

Size: 1220mm x 2440mm

Thickness: 0.7mm

042-057-3032
Environmentally Improved
Low EmissionLow Toxicity

Warranty

Virgo warrants that its products are free from manufacturing defects and are fit for their intended purpose.Products must be inspected prior to installation. In the event of a defect, Virgo's liability is limited solely to the cost of the product.

Disclaimer

Application images shown in the catalogue are for illustration purposes only. Please refer to actual product samples for accurate colour and finish.The samples provided are partial representations and do not reflect the full scale of the laminate sheet. As such, they may not fully capture the complete design, colour variations, or finish of the entire sheet.

and somewhere between light, texture and memory
—imagination finds its form.
